WEEK Twelve and Thirteen Monday 15th - 25th June 2020

Hi everybody,

Well done on all your hard work since the 12^{th} of March when I saw you last. You are a credit to your families and to Corville.

There are a few pages left in your history and geography workbooks. If you feel that you can finish them off that would be great. Try it out. If you don't get them finished don't worry.

Over the next fortnight we will focus on STEM challenges, ART and PE at home. You will have returned your books to school by now. Parents, I will be talking to 6^{th} class teachers about specific Maths , Gaeilge, English and science topics that we did not cover fully due to school closures and these will be priority in September.

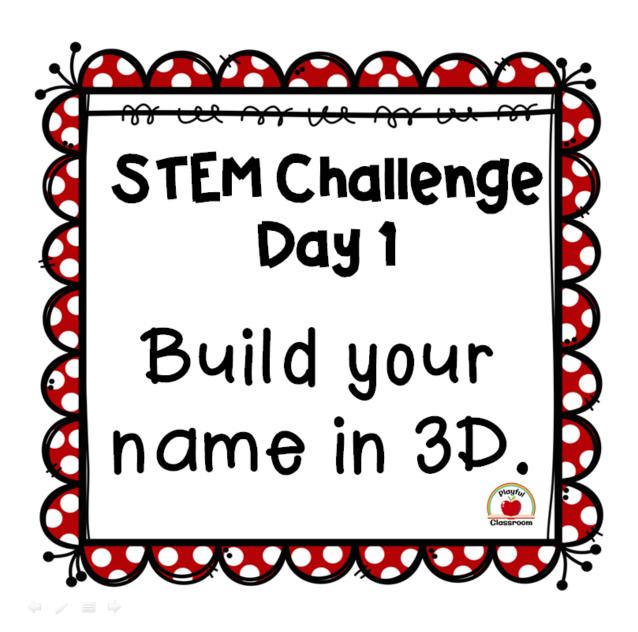

Keep reading as much as you can throughout the summer. It will help to build your vocabulary and your comprehension skills. Don't forget to send on pictures of your STEM challenges over the next two weeks. We would love to see them.

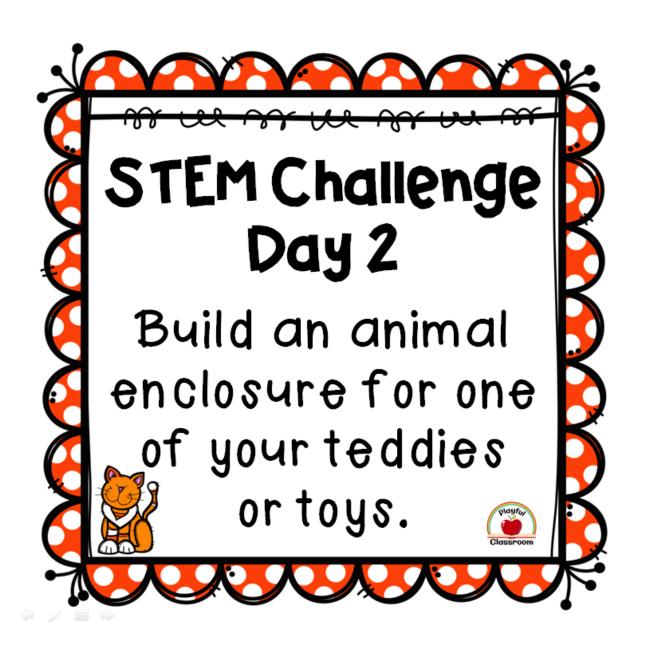

I look forward to seeing you all in September.

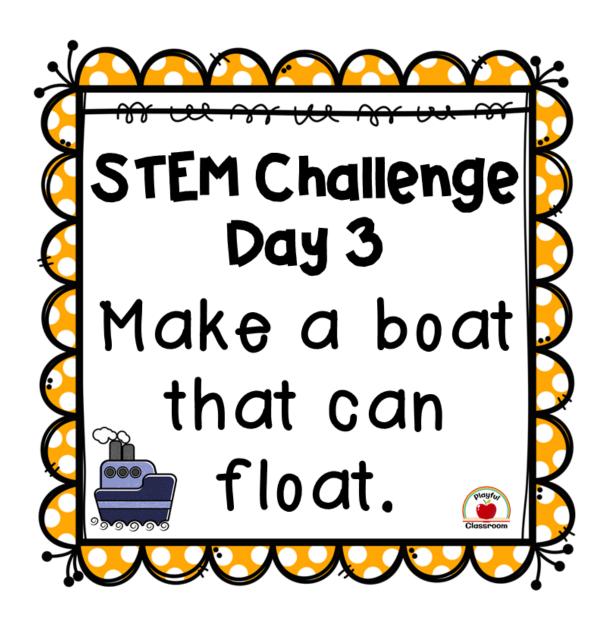

Have a fantastic summer.

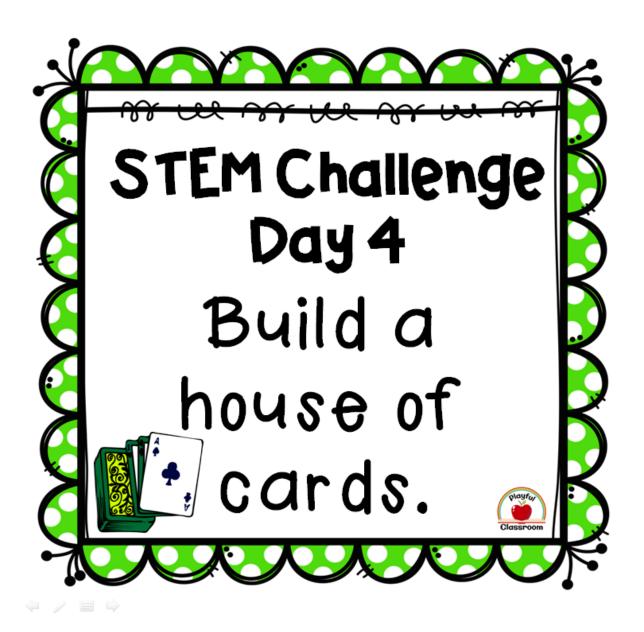

Stay safe,

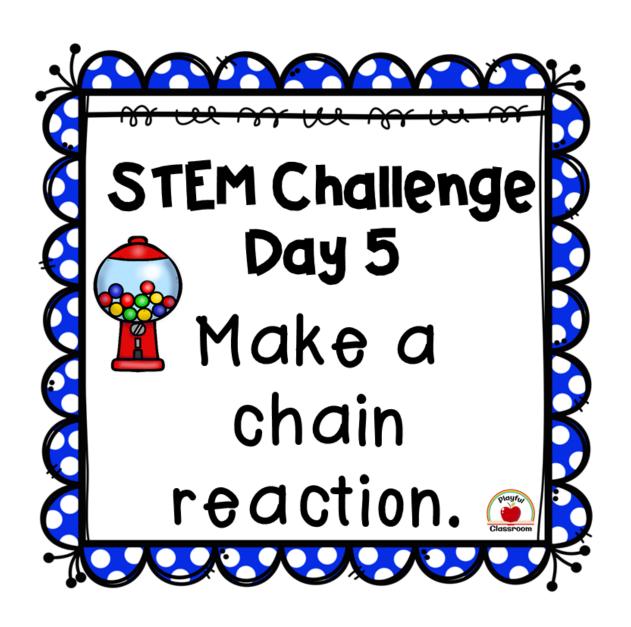

Ms Ryan

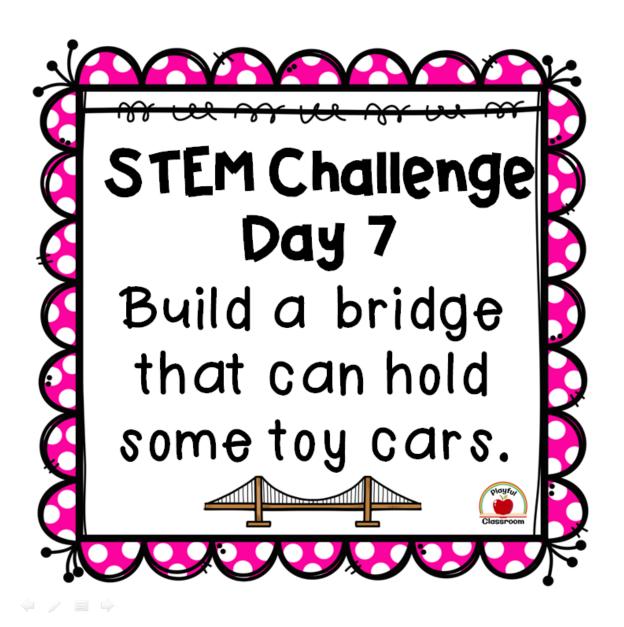

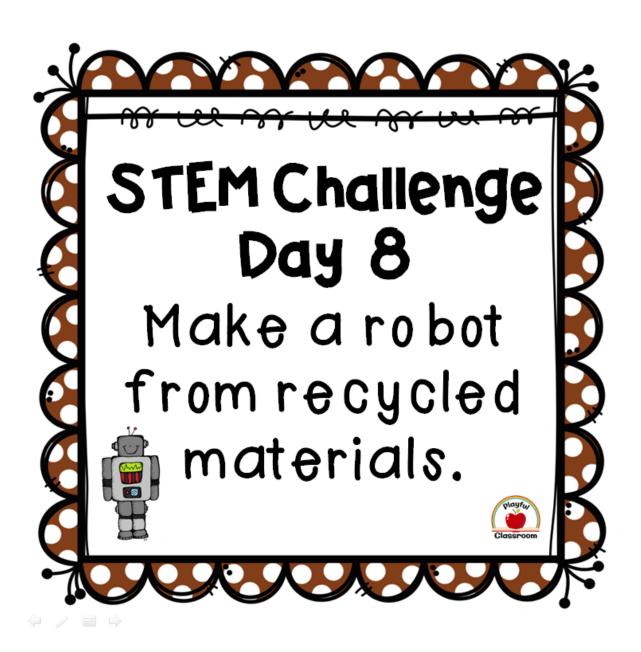

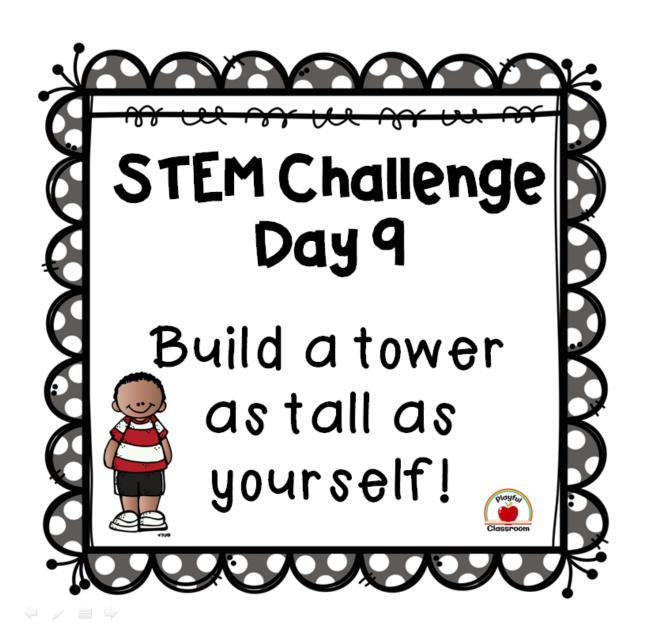

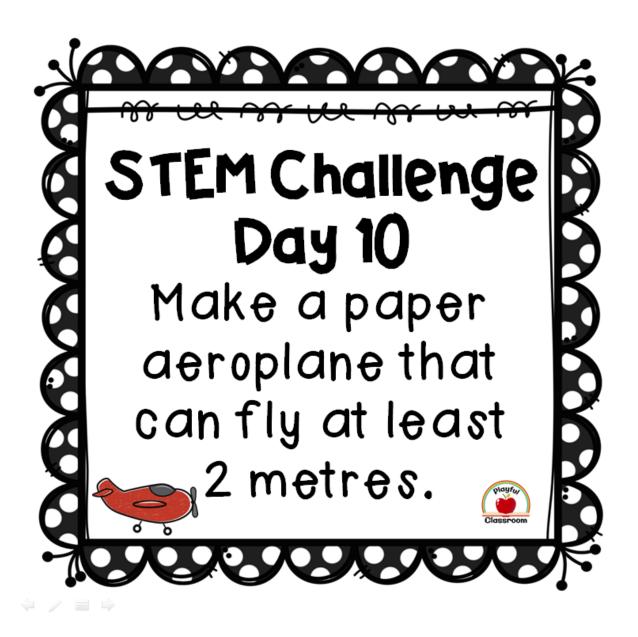

ART/SCIENCE

The following link has lots of great ideas. Remember, you may need the help of an adult for some of these. Best of luck and enjoy
